

Dear Philadelphia Water Customer:

February 28, 2019

You are receiving this letter as a first notification that a Water Department construction job is soon to begin in your neighborhood. The blocks listed below are the blocks on which work will soon take place; however, as a neighbor in the same community, we want you to be aware of possible traffic disruptions and delays while this work is ongoing.

For those residents living on these blocks, we have identified the water mains below as those that should be replaced due to age and material. Prior to work starting on each of these blocks, residents directly impacted by this work will receive an additional hand delivered letter to their home alerting them that work is soon to begin.

<u>Street</u>	<u>From</u>	<u>To</u>	<u>Type of Work</u>
Griscom Street	Ruan Street	Church Street	Water Main Relay and Sewer Reconstruction
Ruan Street	Adams Avenue	Leiper Street	Water Main Relay and Sewer Reconstruction
Ruan Street	Leiper Street	N Penn Street	Water Main Relay and Sewer Reconstruction
Ruan Street	N Penn Street	Frankford Avenue	Water Main Relay and Sewer Reconstruction
Romain Street	Adams Avenue	Womrath Street	Water Main Relay and Sewer Reconstruction
Womrath Street	N Penn Street	Kensington Avenue	Water Main Relay and Sewer Reconstruction

**Contractor: Petrongolo Contractors, Inc.**

**Date: 03/05/2019 – 03/09/2020**

- During normal working hours (7:00am-3:30pm) it may be necessary to close the street
- Trash should be placed at the curb as regularly scheduled
- The Water Department has assigned an engineer and inspector to the project who will be on-site every day
- Our engineer and inspector will ensure that the work proceeds in a safe and workmanlike manner
- Should you experience any problems as a result of the work, please talk with the inspector on the job site who will be wearing clothing identifying him/her as a Water employee
- The inspector will notify you one day in advance of any scheduled water shut-offs, of which several will be required over the course of the project
- Water shut-offs typically take place in the morning hours starting at 9:00am and may last 2 to 8 hours, depending on the complexity of the work

If you are unable to contact the inspector at the job site, or have any other questions, please contact me at the number listed below between 8:00am-4:30pm Monday thru Friday. Should an emergency occur, please call the Water Department hotline at (215) 685-6300. Further information about Philadelphia Water Construction can be found at [www.phila.gov/water/notifications](http://www.phila.gov/water/notifications). Questions can be sent to [waterinfo@phila.gov](mailto:waterinfo@phila.gov).

Very truly yours,  
Richard Herbert  
Division Engineer  
215- 380-6057
