

Randy E. Hayman, Water Commissioner

June 6, 2022

Dear Philadelphia Water Customer,

I am writing to let you know that the Philadelphia Water Department (PWD) is planning a construction project in your neighborhood. The planned project will take place **on your street and on the sidewalks near your property.**

This project is a part of the City of Philadelphia's *Green City, Clean Waters* initiative – a program that keeps pollution out of rivers and creeks by using green tools to absorb stormwater that would normally overflow into our waterways during heavy storms. For more information about the program, visit: [water.phila.gov/green-city/](http://water.phila.gov/green-city/).

As part of the **Shunk Street Bumpouts (#50219) project**, PWD is planning to install the following green tools at the following locations:

- Stormwater Bumpout on Shunk St from S 12th St to S Sartain St (west end)
- Stormwater Bumpout on Shunk St from S Sartain St to S Jessup St (east end)
- Subsurface Trench on Shunk St from S Jessup St to S 11<sup>th</sup> St
- Stormwater Bumpout on Shunk St from S 11th St to S Warnock St (west end)
- Stormwater Bumpout on Shunk St from S Warnock St to S Alder St (east end)
- Stormwater Bumpout on Shunk St from S Alder St to S 10th St (east end)
- Stormwater Bumpout on Shunk St from S 8th St to S Franklin St (west end)
- Stormwater Bumpout on Shunk St from S Franklin St to S Beulah St (east end)
- Stormwater Bumpout on Shunk St from S Beulah St to S 7th St (east end)
- Stormwater Bumpout on Shunk St from S 7th St to S Sheridan St (west end)
- Subsurface Trench on Shunk St from S Sheridan St to S Marshall St
- Stormwater Bumpout on Shunk St from S Marshall to S 6th St (east end)

Construction is expected to begin in approximately **2-6 months**. However, **please note that this is an estimate and the construction start date can be earlier or later than the anticipated timeline.**

More information about the specific green tools planned for your area can be found on the online project page, found here: [water.phila.gov/50219](http://water.phila.gov/50219).

**A follow up letter will be sent closer to the time of construction.** In the meantime, please feel free to reach out to both myself and Amy Hopf ([Amy.Hopf@phila.gov](mailto:Amy.Hopf@phila.gov)) with any questions about the project.

Sincerely,  
Danielle Stollak
