

Randy E. Hayman, Water Commissioner

02/23/2022

Dear Philadelphia Water Customer:

You are receiving this letter as a notification that a Water Department construction job is soon to begin in your neighborhood. Our work will take place soon on the blocks listed below, and as a neighbor in this community we want you to be aware of possible traffic disruptions and delays while this work is ongoing.

This project is part of the overall green infrastructure program called *Green City, Clean Waters*, implemented by the City of Philadelphia to improve the stormwater management of your neighborhood. Green stormwater infrastructure (GSI) includes a range of soil-water-plant systems that intercept storm water, infiltrate a portion of it into the ground, evaporate a portion of it into the air, and in some cases release a portion of it slowly back into the sewer system.

Prior to work starting on each of these blocks, residents directly impacted by this work will receive an additional hand delivered letter to their home alerting them that work is soon to begin. This project will take place at these locations:

Street	From	To	Type of Work
N. 64th St.	City Ave.	Woodbine Ave.	Stormwater Management
N. 64th St.	Woodcrest Ave.	Malvern Ave.	Stormwater Management
Sherwood Rd.	N. 64th St.	Lancaster Ave.	Stormwater Management
Drexel Rd.	N. 64th St.	Lancaster Ave.	Stormwater Management

Project Info: #50220 64th Street Corridor | water.phila.gov/50220

Contractor: Tony De Paul & Son

Estimated Project Dates: March 2023 – July 2024

- During normal working hours (7:00am-3:30pm) it may be necessary to close the street
- Trash should be placed at the curb as regularly scheduled
- The Water Department has assigned an engineer and inspector to the project who will be on-site every day
- Our engineer and inspector will ensure that the work proceeds in a safe and workmanlike manner
- Should you experience any problems as a result of the work, please talk with the inspector on the job site who will be wearing clothing identifying him/her as a Water employee
- The inspector will notify you one day in advance of any scheduled water shut-offs, of which several may be required over the course of the project

If you are unable to contact the inspector at the job site, or have any other questions, please contact the engineer at the number listed below between 8:00 a.m. - 4:30 p.m. Monday thru Friday. Should a water emergency occur, please call the Water Department hotline at (215) 685-6300. Questions can be sent to waterinfo@phila.gov.

Further information about this project can be found at water.phila.gov/50220.

Sincerely,
Khadija Tadimi
Division Engineer
267-234-1941

Green Tools

These tools capture and store runoff to protect local waterways as part of the city's **Green City, Clean Waters** plan. For more information on green tools, please visit: water.phila.gov/green-city/

Sewer Disconnection

In this sewer disconnection project, PWD will create a separate stormwater sewer to convey stormwater from these streets to the newly constructed rain gardens located in Morris Park.

Questions? Concerns?

Please contact daniel.schupsky@phila.gov with specific questions or to schedule a community presentation. Please visit water.phila.gov/projects/ and search "Morris Park" for online information on these projects.
