

66th & Woodcrest Rain Garden (V1 DRAFT, REVISIONS NEEDED)

Planned Green Stormwater Infrastructure (GSI)

PWD GSI Project #50377

This green tool captures and stores runoff to protect local waterways and PWD is currently conducting outreach to get input on this piece of green stormwater infrastructure (GSI). To share input or get involved in the project, please email Daniel.Schupsky@phila.gov and for project-specific information, visit water.phila.gov/projects/p50240/. For more information about Green City, Clean Waters, visit water.phila.gov/green-city/.
