

Water and Sewer Design Manual V3.14 Changes

This update to the design manual is to incorporate changes and corrections from V3.13.1

- In Section 6, all GSI correspondence via email shall have the PWD Project Number and CIPIT title. Contact the PWD Project Engineer for the CIPIT title.
- In Section 8 G language was added to describe the Consultant Billing procedure for ADA ramps.
- Appendix 6 A Contact Information for City Departments and City and Private Utilities has been removed.
- Appendix 6 D PGW Distribution Construction Areas Contact Information has been removed due to a change in the PGW submittal procedure in Section 6 D. Additional information below.
- Appendix 6 B PWD Contact Information is now Appendix 6 A. Appendix 6 C District Surveyor Contact Information is now Appendix 6 B.

Additionally, these contacts have changed:

- The contact for GSI Design in Section 6 D has been changed. Please ask the PWD Project Engineer for the GSI Design contact for each job.
- The contact for Streets Department Traffic Conduits in Section 6D has changed to Kevin McGinley (kevin.mcginley@phila.gov). Additionally, copy pa1call@phila.gov.
- For submittals to PECO Energy in Section 6 D, an electronic submittal is now requested. The contact has not changed from Louis Robinson (louis.robinson@peco-energy.com).
- The contacts for PGW in Section 6 D have changed to Justin Dilalla (justin.dilalla@pgworks.com) and Michael Hadid (michael.hadid@pgworks.com) for the whole city.
- The contact for SEPTA in Section 6 D has changed to Philip Asabere (pasabere@septa.org).
- For submittals to corrosion control, both Corrpro and Cor-Trol have moved to electronic submittals. Corrpro's contact is Ed Richey (erichey@aegion.com) and copy Walter Young (wyoung@aegion.com). Cor-Trol's contact is George Gehring (ggehring@comcast.net) and copy Anthony Ray (Tony@cortrolservices.net).
- Appendix 6 B PWD Contact Information (now Appendix 6 A per note above) has been updated.
