Dear Philadelphia Water Customer:

You are receiving this letter as a notification that a Water Department construction job is soon to begin in your neighborhood. The blocks listed below are the blocks on which work will soon take place; however, as a neighbor in the same community, we want you to be aware of possible traffic disruptions and delays while this work is ongoing.

We have identified the water mains below as those that should be replaced due to age and material. PWD is installing new water pipes that carry water to homes and businesses, to increase service reliability and reduce the chance of breakages. Prior to work starting on each of these blocks, residents directly impacted by this work will receive an additional hand delivered letter to their home alerting them that work is soon to begin.
