

October 2025

Dear PWD Customer, Property Owner, and/or Current Occupant,

This is the first in a series of letters to let you know that we are preparing a **project** in your neighborhood. This project is called **Cohocksink Storm Flood Relief Project: Phase 6 (PWD Project #40736)**. The contractor assigned to this job is **Driscoll Construction**.

Reason for Project

PWD Project #40736 will include the following improvements:

- **New Sewers** to increase system capacity and reduce flooding in flood-prone neighborhoods.
- **New Water Mains** to increase service reliability and reduce emergency breaks.
- **New Green Stormwater Infrastructure Systems (GSI)** to capture stormwater, protect local waterways, and prevent combined sewer overflows. (This work can occur in public streets, sidewalks, and/or on public parcels.) *Learn more here: water.phila.gov/green-city/*
- **Possible Lead Service Line Replacement:** Homes with confirmed lead services lines are eligible for free replacements. (This work only happens on blocks receiving new water mains.)

Construction is Estimated to Start Summer 2026

Construction dates may change. An additional letter will be sent when construction is scheduled. Once work begins, construction is expected to last three years. PWD will alert you before planned service interruptions.

Stay updated on project details on the PWD project page: water.phila.gov/40736

Contact our Construction Outreach inbox at Water.Construction@phila.gov with questions. Call the Water Department hotline at (215) 685-6300 for any emergencies.
