

March 2026

Dear Philadelphia Resident,

The Philadelphia Water Department (PWD) is **preparing an infrastructure project** in your neighborhood. This project is called **Mayfield / Sheridan (PWD Project #40859)**. The contractor assigned to this job is **Carusone Construction, Inc.**

Construction is Estimated to Start Late 2026

We expect construction to start in 6-9 months. Construction dates may change. An additional letter will be sent when construction is scheduled. PWD will alert you before planned service interruptions.

Reason for Project

PWD Project #40859 will include the following improvements:

- **New Water Mains** to increase drinking water service reliability and reduce emergency breaks
- **New Sewers** to increase wastewater service reliability by reducing clogs and backups
- **New Green Stormwater Infrastructure Systems (GSI)** to capture stormwater, protect local waterways, and prevent combined sewer overflows. (Work occurs in public streets, sidewalks, or on public parcels.)
- **Possible Lead Service Line Replacement:** Homes with confirmed lead services lines are eligible for free replacements. (This work only happens on blocks receiving new water mains.)

Stay updated on project details on the PWD project page: water.phila.gov/40859

Contact Water.Construction@phila.gov with questions. Call the PWD Hotline at 215-685-6300 for emergencies.
