

May 2026

Dear Philadelphia Resident,

The Philadelphia Water Department (PWD) is **starting construction on an infrastructure project** in your neighborhood. This project is called **N 11th / N Marvine (PWD Project #40939)**. The contractor assigned to this job is **Carusone Construction**.

**Construction is Estimated to Start May 2026**

Construction is expected to take place: **May 2026 – May 2027**. The project will include different types of phased infrastructure upgrades. PWD will alert you before planned service interruptions.

Construction Locations	New Water Main	New Sewer	New GSI System
N 11th St from W Tioga St to W Erie Ave	✓	✓	
W Tioga St from Old York Rd to N 11th St	✓	✓	
N Marvine St from W Tioga St to W Venango St	✓	✓	Tree Trench
N Camac St from W Atlantic St to W Venango St	✓	✓	
W Russell St from Germantown Ave to Old York Rd	✓	✓	
W Ontario St from Germantown Ave to N 11th St	✓	✓	Tree Trench

Stay updated on project details on the PWD project page: [water.phila.gov/40939](http://water.phila.gov/40939)

**Construction Impacts**

- Typical construction hours are from 7:00 AM to 4:00 PM but can vary seasonally.
- Street parking and road access during hours of construction may be restricted. Temporary “No Parking” signs will be installed as needed for safety and construction.
- Pedestrian access, trash collection, and deliveries will be maintained.
- Residents should expect disruptions of water service for house connections to new pipes and when main connections are completed. Residents will be notified for expected shutoffs.
- Check with SEPTA for any possible detours: [www.septa.org](http://www.septa.org)

**On-site Contact Information**

Look for construction team members (wearing visible PWD clothing) regularly on site:

- **Project Inspector:** Evan Hager, 215-740-6295
- **Project Engineer:** John Anderson, 215-380-2551
- **Division Engineer:** Shyam Thomas, 215-685-6359

**Reason for Project**

PWD Project #40939 will include the following improvements:

- **New Water Mains** to increase drinking water service reliability and reduce emergency breaks
  - **Lead Service Line Replacement:** Homes with confirmed lead or galvanized steel service lines are eligible for free replacements
- **New Sewers** to increase wastewater service reliability by reducing clogs and backups
- **New Green Stormwater Infrastructure Systems (GSI)** to capture stormwater, protect local waterways, and prevent combined sewer overflows. (Work occurs in public streets, sidewalks, or on public parcels.)
