

February 2026

Dear Philadelphia Resident,

The Philadelphia Water Department (PWD) is **starting construction on an infrastructure project** in your neighborhood. This project is called **Baring & N 41st (PWD Project #41008)**. The contractor assigned to this job is **Pio Construction**.

Construction Started in January 2026

Construction is expected to take place: **January 2026 – Early 2027**. The project will include different types of phased infrastructure upgrades. PWD will alert you before planned service interruptions.

Construction Locations	New Water Main	New Sewer	New GSI System
Baring St. from N. 41st St. to N. 42nd St.	✓	✓	
Spring Garden St. from N. 40th St. to N. 41st St.	✓	✓	
Budd St. from Spring Garden St. to Haverford Ave.	✓		
N. 41st St. from Powelton Ave. to Baring St.	✓		
N. 41st St. from Baring St. to Spring Garden St.	✓	✓	
N. 41st St. from Spring Garden St. to Haverford Ave.	✓	✓	Tree Trenches

Stay updated on project details on the PWD project page: water.phila.gov/41008

Construction Impacts

- Typical construction hours are from 7:00 AM to 4:00 PM but can vary seasonally.
- Street parking and road access during hours of construction may be restricted. Temporary “No Parking” signs will be installed as needed for safety and construction.
- Pedestrian access, trash collection, and deliveries will be maintained.
- Residents should expect disruptions of water service for house connections to new pipes and when main connections are completed. Residents will be notified for expected shutoffs.
- Check with SEPTA for any possible detours: www.septa.org

On-site Contact Information

Look for construction team members (wearing visible PWD clothing) regularly on site:

- **Project Inspector:** Mohamed Hassan (215-439-5931)
- **Construction Engineer:** David Hamilton (267-592-8019)

Reason for Project

PWD Project #41008 will include the following improvements:

- **New Water Mains** to increase drinking water service reliability and reduce emergency breaks
- **New Sewers** to increase wastewater service reliability by reducing clogs and backups
- **New Green Stormwater Infrastructure Systems (GSI)** to capture stormwater, protect local waterways, and prevent combined sewer overflows. (Work occurs in public streets, sidewalks, or on public parcels.)
- **Possible Lead Service Line Replacement:** Homes with confirmed lead or galvanized steel service lines are eligible for free replacements

Map Updated: August 2025

Planned Green Stormwater Infrastructure (GSI) Improvements

Planned Infrastructure Improvements

- New Water Main
- New Sewer

This work will improve water and sewer services, and help protect waterways by reducing combined sewer overflows. Concept(s) subject to change.
