PHILADELPHIA WATER DEPARTMENT
1101 Market Street
Philadelphia, PA 19107

October 2026

Dear Philadelphia Resident,

The Philadelphia Water Department (PWD) is **starting construction on an infrastructure project** in your neighborhood. This project is called **Spring Garden / N 31st / N 33rd (PWD Project #41080).** The contractor assigned to this job is **C. Abbonizio Contractors.**

Construction Starts October 2026

Construction is expected to take place: **Fall 2026 – Fall 2027.** The project will include different types of phased infrastructure upgrades. PWD will alert you before planned service interruptions.

Construction Locations	New Sewer	New Water Main	New GSI System
Spring Garden St from N 36th St to N 35th St	✓	✓	Tree Trench
Brandywine St from N 35th St to N 34th St	✓	✓	Tree Trench
Brandywine St from N 34th St to N 33rd St	✓	✓	
N 33rd St from Spring Garden St to Hamilton St	✓	✓	
Spring Garden St from N 33rd St to N 32nd St	✓	✓	
Spring Garden St from N 32nd St to N 31st St	✓		
Hamilton St from N 32nd St to N 31st St	✓		
N 31st St from Spring Garden St to Baring St	✓	✓	

Stay updated on project details on the PWD project page: **water.phila.gov/41080**.

Construction Impacts

- Typical construction hours are from 7:00 AM to 4:00 PM but can vary seasonally.
- Street parking and road access during hours of construction may be restricted. Temporary "No Parking" signs will be installed as needed for safety and construction.
- Pedestrian access, trash collection, and deliveries will be maintained.
- Residents should expect disruptions of water service for house connections to new pipes and when main connections are completed. Residents will be notified for expected shutoffs.
- Check with SEPTA for any possible detours: www.septa.org

On-site Contact Information

Look for construction team members (wearing visible PWD clothing) regularly on site:

- **Project Inspector:** Paul Gordon, 267-438-9317
- **Construction Engineer**: John Anderson, 215-380-2551

Reason for Project

PWD Project #41080 will include the following improvements:

- **New Water Mains** to increase drinking water service reliability and reduce emergency breaks
- **New Sewers** to increase wastewater service reliability by reducing clogs and backups
- **New Green Stormwater Infrastructure Systems (GSI)** to capture stormwater, protect local waterways, and prevent combined sewer overflows. (Work occurs in public streets, sidewalks, or on public parcels.)
- **Lead Service Line Replacement:** Homes with confirmed lead or galvanized steel service lines are eligible for free replacements
