

Randy E. Hayman, Water Commissioner

June 8, 2022

Dear Philadelphia Water Customer,

I am writing to let you know that the Philadelphia Water Department (PWD) is planning a construction project in your neighborhood. The planned project will take place **on your street and on the sidewalks near your property.**

This project is a part of the City of Philadelphia's *Green City, Clean Waters* initiative – a program that keeps pollution out of rivers and creeks by using green tools to absorb stormwater that would normally overflow into our waterways during heavy storms. For more information about the program visit: <https://water.phila.gov/green-city>.

As part of this initiative, PWD is planning to install green tools at the following locations:

- Stormwater Bumpout on the northeast corner of N 22<sup>nd</sup> St and Parrish St
- Stormwater Tree Trench on Parrish St from N 22<sup>nd</sup> St to N Beechwood St
- Stormwater Tree Trenches on Parrish St from N Beechwood St to N 21<sup>st</sup> St
- Stormwater Tree Trenches on Parrish St from N 21<sup>st</sup> St to N Woodstock St
- Stormwater Tree Trench on Parrish St from N Woodstock St to Corinthian Ave
- Stormwater Bumpout on the northeast corner of Parrish St and Corinthian Ave
- Stormwater Bumpout on Brown St at the northwest corner of N 21<sup>st</sup> St
- Stormwater Tree Trench on Fairmount Ave from N 25<sup>th</sup> St to N 24<sup>th</sup> St

More information about the specific green tools planned for your area can be found on this project's webpage, found here: [water.phila.gov/50215](https://water.phila.gov/50215).

Construction is expected to begin in approximately **2-6 months**. However, please note that **this is an estimate** and the construction start date can be earlier or later than the anticipated timeline.

A follow up letter will be sent closer to the time of construction. In the meantime, please feel free to reach out to both myself and Amy Hopf ([Amy.Hopf@phila.gov](mailto:Amy.Hopf@phila.gov)) with any questions about the project.

Sincerely,  
Danielle Stollak
