

September 2025

Dear Philadelphia Water Department Customer:

A Philadelphia Water Department (PWD) construction job is starting in your neighborhood. This is an **Ecological Restoration (ER) project**. This work helps achieve PWD's goals of infrastructure protection and ecological uplift. It also helps us meet regulatory compliance in Philadelphia's natural spaces.

The work will protect and restore Sandy Run in Pennypack Park, and repair critical sewer infrastructure. We want you to be aware of possible disruptions that may occur during construction.

Construction Information

PWD Project Name: #50225 Sandy Run Sewer Protection and Stream Restoration

Contractor: Marona Construction

Estimated Project Dates: October 2025 - Fall 2027

To find out more details about this project, visit water.phila.gov/50225.

Our team of engineers and scientists works to reduce impacts while creating sustainable improvements in these natural spaces. The work will be done in Pennypack Park. Residents will see our heavy equipment accessing the site along Sandy Run, entering from the park entrance on Ryan Ave and Sandyford Ave.

Residents should speak with the PWD Project Team with any questions.

- Inspector: Matt Masiejczyk, mmasiejczyk@gpinet.com

We don't expect any service interruptions. Trash and recycling will not be affected.

If you are unable to contact the assigned inspector at the job site, please contact the engineer at the number listed below. Please call the Water Department hotline at (215) 685-6300 for any water emergencies.

Further information about this project can be found at water.phila.gov/50225.

Sincerely,
Pete Reilly
Division Engineer
