

Randy E. Hayman, Water Commissioner

July 2025

Dear Philadelphia Water Department Customer:

You are receiving this letter because a Philadelphia Water Department (PWD) construction job is beginning in your neighborhood. Residents in the neighborhood should be aware of disruptions and delays while this work is ongoing.

This project is a part of the City of Philadelphia's *Green City, Clean Waters* initiative – a 25-year plan to improve the quality of our waterways by installing green stormwater infrastructure (GSI) in our neighborhoods, coupled with traditional infrastructure like collection, pumping, and wastewater treatment plant enhancements. These 'green tools' installed in your area will absorb stormwater that would normally overflow into our local creeks, streams, and rivers during heavy storms. For more information on this plan, please visit: water.phila.gov/green-city/.

Due to the staggered nature of construction, residents directly impacted by this work will receive a **hand delivered letter** to their home when that work is soon to begin on their block. Our work will take place on the blocks listed below:

<u>Street</u>	<u>From</u>	<u>To</u>	<u>Type of Work & Green Tool</u>
Woodbine Ave.	Wynnefield Ave.	N. St Bernard St.	Stormwater Management
N. 52nd St.	Drexel Rd.	Dauphin St.	Stormwater Management
N. 51st St.	Woodbine Ave.	Dakota St.	Stormwater Management

PWD Project Name & Website: #50314 Woodbine Ave Green Streets | water.phila.gov/50314

Contractor: Carusone Construction

Estimated Project Dates: July 2025 - July 2026

- During normal working hours (7:00am-3:30pm), it may be necessary to close the street
- Trash and recycling should be placed at the curb as regularly scheduled
- This GSI project has both an engineer and inspector who will be on-site regularly to ensure that the work proceeds in a safe and professional manner
- Should you experience any problems as a result of the work, please talk with the inspector on the job site who will be wearing clothing identifying them as a PWD employee; their contact information is also on the Project Page site listed above
- If a water service line needs to be shut-off, the inspector will notify your block one day in advance

If you are unable to contact the assigned inspector at the job site, please contact the engineer at the number listed below between 8 a.m. - 4:30 p.m. Monday through Friday. Should a water emergency occur, please call the Water Department hotline at (215) 685-6300.

Further information about this project can be found at water.phila.gov/50314.

Sincerely,
Jovan Como, Division Engineer
215-685-6357
