

February 2026

Dear Philadelphia Resident,

The Philadelphia Water Department (PWD) is **preparing an infrastructure project** in your neighborhood. This project is called **Harbison Ave Streets 1 (PWD Project #50332)**. The contractor assigned to this job is **Heidelberg Materials TDPS**.

Construction is Estimated to Start Mid 2026

We expect construction to start in 6-9 months. Construction dates may change. An additional letter will be sent when construction is scheduled. PWD will alert you before planned service interruptions.

Reason for Project

PWD Project #50332 will include the following improvements:

- **New Green Stormwater Infrastructure Systems (GSI)** to capture stormwater, protect local waterways, and prevent combined sewer overflows. (Work occurs in public streets, sidewalks, or on public parcels.)
- **New Water Mains** to increase drinking water service reliability and reduce emergency breaks
- **Possible Lead Service Line Replacement:** Homes with confirmed lead services lines are eligible for free replacements. (This work only happens on blocks receiving new water mains.)

Stay updated on project details on the PWD project page: water.phila.gov/50332

Contact Water.Construction@phila.gov with questions. Call the PWD Hotline at 215-685-6300 for emergencies.

Planned Green Stormwater Infrastructure (GSI) Improvements

Planned Infrastructure Improvements

 New Water Main

This work will improve water and sewer services, and help protect waterways by reducing combined sewer overflows. Concept(s) subject to change.
