

Wharton Square Rain Garden

Planned Green Stormwater Infrastructure (GSI)

PWD GSI Project #: 50398

PWD GSI Project Page: water.phila.gov/projects/p50398/

Map Updated: July 2026

These GSI systems capture and store stormwater runoff to protect local waterways. For more information email Water.Projects@phila.gov or visit water.phila.gov/green-city. Please note, these concepts are subject to change and the rain gardens in the southeast and southwest corners have already been constructed.
